CHERUB COLLECTION

The best of all worlds. Cherub boasts a dramatic and natural full pebble grain, while remaining butter-soft. The semi-aniline finish makes this leather easy to maintain. Pour a drink, sit back, and melt into the perfect upholstery.

CHERUB CARE AND CLEANING

Cherub leather is simple to maintain. Dust regularly with a soft cloth or vacuum with a soft bristle attachment. Spilled liquids should be removed immediately by dabbing with a clean cloth (do not rub). If additional cleaning is required, apply soapy water with a damp cloth and then rinse by wiping down with clean water. The entire surface should be cleaned to avoid discoloration in any one spot.

DUALOY LEATHER

Dualoy Leather has been family owned and operated since its foundation in 1951. For over fifty years we have traveled the world to find the best of the tanner's art for our customers. Today we produce and stock a wide variety of the world's most extraordinary leathers in New York, Italy and Switzerland.

At Dualoy, beauty, luxury and durability are always at your fingertips. Think of leather for upholstery, tabletops, floor tiles and wall coverings. Leather adds warmth to any project, be it residential or contract, a restaurant, hotel, airplane or yacht.

Call or visit us and find out why we have always been the first choice of world renowned architects and designers, and why the finest cabinetmakers turn to us for our exclusive line of exotic skins, including shagreen and calf, sheep and goat parchment. We look forward to working with you.
